

## 2023 Rising Eighth Graders: Summer Homework

**\*\*Students will not have their computers over the summer and will need to log in with their StM credentials on their home computers. \*\***

Practice your Spanish frequently so you don't forget it. Keep your notes over the summer, and review them often. The idea is to keep your Spanish brain from falling asleep over the break.

Please complete the attached summer homework in the month it is assigned.

Go to your Google Classroom page for seventh grade and you will see three assignments: June, July, and August. Visit each page in the given month, do the activities, and email us when you have completed the activities for the month. Please, if an activity does not work for you, just list it on your email and move on to the next one.

If, during one of the three months of summer, you can't do the work assigned for that month, please send Sra. Whitaker and Sra. Corinna an email.
